DiaTri Retains Top Industry CFO

DiaTri, LLC (parent organization to the companies of MDM, AAS, and DBM), is happy to announce the hiring of Melanie Hennessy as its Chief Financial Officer. In her role, she will be responsible for all accounting and finance related activities for all five DiaTri companies.

With a public accounting background and over 26 years of healthcare experience, Ms. Hennessy has held various positions within accounting and finance, most notably as Chief Financial Officer at St. Anthony's Hospital in Chicago and as Chief Financial Officer of a publicly held management services organization in the managed care industry. Ms. Hennessy holds a Bachelors Degree in Accountancy from the University of Illinois at Urbana-Champaign and is a licensed CPA in the state of Florida.

"I am extremely pleased to announce the addition of Ms. Melanie Hennessy, CPA to the DiaTri Corporation executive team as Chief Financial Officer," said Kevin Tremblay, CEO. "We have been conducting a diligent six-month search with the help of RSM-McGladrey for a candidate with the right combination of financial background and managed care experience. With her impressive credentials and industry experience, I am confident Ms. Hennessy will exceed all expectations."

About DiaTri:

DiaTri, LLC has three divisions that offer cost containment solutions for the Workers Compensation, Group Health and Liability industries. The MDM division is a national diagnostic imaging network and scheduling/referral service which offers more than 3,900 credentialed facilities in 47 states in which to schedule your diagnostic tests. The AAS division provides Retrospective Review of all non-PPO medical bills, Age of Injury and Second Opinion Reports and the DBM division offers Diagnostic Benefit Management services for the group health industry. www.diatri.net
